## **CHAPTER-I**

### **INTRODUCTION**

The federating units/territories of Pakistan are not equal in level of economic and social development(s). The fundamental objective(s) of government functionaries at Federal, Provincial and Local level is to provide basic amenities to the people at their doorsteps as far as possible in keeping with the spirit of the mandate of people & law.

2. The fiscal decentralization to the local bodies at the Provincial level of Khyber Pakhtunkhwa is channelized through Provincial Finance Commission (PFC) – a statutory body established under Section 52 of the Khyber Pakhtunkhwa Local Government Act, 2013. This institution visualizes its budgetary policies & priorities through its financial Award containing recommendations as to a self-contained fiscal transfer system extending over the whole Province. The main objective of this Award is to offer a formula-based inter-governmental revenue-sharing system featuring transparency, equitability and predictability; so that local governments may find themselves inclined towards bringing about improvement(s) in their performance, service delivery and promotion of general welfare of the people.
3. The big chunk of revenues of the Provincial Government of Khyber Pakhtunkhwa (90% or more) arises out of the Federal Transfers comprising: Federal tax assignment, straight transfers on account of Oil and Gas Royalty, Excise duty/Development Surcharge on Gas and Net Hydel profit etc.
4. Through its financial Award, the Commission makes vertical & horizontal allocations of resources viz., (a) between the Province & Local governments and (b) the local governments inter se. In this regard first a **Provincial Pool** is determined based on the proceeds of Provincial Consolidated Fund. The **Obligatory expenditure** characterizing universality in its nature is therefore, deducted from the Provincial Pool and a **Divisible Pool** is thus determined. The net proceeds forming part of the Divisible Pool are further divided into **Provincial Allocable Resources** and **Provincial Retained Resources**. The Provincial Allocable resources are earmarked for the local governments whereas; the Provincial Retained resources are maintained by the Provincial Govt.
